Glendale Family Bike Rodeo and Summer Safety Fair, Saturday, March 20. In partnership with several City of Glendale Departments (Police, Fire, Transportation, Parks and Recreation, Code Enforcement), Valley Metro and Classic Rock 100.7 KSLX radio, the Citizens' Police Academy Alumni of Glendale (CPAAG) is presenting the 2nd annual CPAAG Summer Safety Fair, sponsored by Target.

Families can learn about everything from fire, home, and personal safety to water safety. Smoke house demonstrations and child fingerprinting will be available.

Staff from the City Transportation and Police Departments will instruct children ages 5 to 13 on bicycle safety at the Family Bike Rodeo. Participants will go through an obstacle skills course featuring five interactive learning stations. Individuals will learn how to ride safely and receive tips on what to do in real life situations. All riders must wear helmets! Parents must sign a waiver for each child who participates. Each child will receive a certificate of completion for basic bicycle training, along with reflectors and glow in the dark bracelets.

These events will be held together on March 20 from 10 a.m.-2 p.m. at the Target shopping center, 10404 N. 43rd Ave. For more information call (623) 670-5710.

2010 Census. The 2010 Census is underway and the city of Glendale is asking residents to complete their questionnaire and mail it back by Census Day – April 1, 2010. The 2010 Census is a count of everyone living in the United States and is mandated by the U.S. Constitution to be completed every ten years.

It is vital to our city to obtain an accurate count of every person living in Glendale! Information gathered from the Census will establish each state's Congressional representation. It will also help plan for the needs of communities, and determine the distribution of federal funds to local, county and state governments. These funds help pay

for streets, parks, youth and senior programs, libraries and bus service. About half of Glendale's annual operating budget depends on census data.

The 2010 Census form is the shortest in U.S. history – consisting of 10 questions, taking about 10 minutes to complete. Responses are confidential and are used to produce statistics. Please participate in the Census, the future of Glendale is in our hands! [Read more.](#)

Glendale Police Receive Federal Funding to Upgrade Communications System. Glendale Police have received a federal appropriation of \$1 million to replace outdated dispatch and record management operating systems. The new state-of-the-art technology will enhance officers' response to 911 calls, improve the tracking of crime statistics, field reporting and sharing vital information with law enforcement agencies at both the state and federal levels.

The department's current Computer Aided Dispatch, referred to as 'CAD', and the Record Management System or 'RMS' are more than 20 years old. They are electronic tools used by Glendale Police 24/7 and heavily relied on by 911 dispatchers to get information from citizens and prioritize the response of officers. The RMS is a system that houses all police report information

and is used to track crime statistics and trends.

The Glendale Police and Intergovernmental Programs Departments worked with the city's federal liaisons, U.S. Congressman Ed Pastor and U.S. Congressman Trent Franks, to obtain the funding as part of the federal FY 2010 budget. Glendale Police will install and implement the new system in stages over the next year and a half.
